

Coming King [Lyrics]

[DSC] by Drew Hodge

Verse 1

We are strangers on our way.
To the city God has made
We are pilgrims He called out
From dark to light from fear and doubt

Pre 1

He will lead His people home.

Chorus

We live, we move and have our being
For He is strong and holds all things
We give, we work and we will sing
For Christ was cursed and we redeemed
We wait, and live as offerings,
For our coming King

Verse 2

We are exiles every race
Longing, knowing there's a place
Where we all will be as one
Citizens of a kingdom come

Verse 3

Like a thief comes in the night
Stay awake look for the light
In His glory shining bright
Come again to make all things right

Pre 2

He will lead His people home. We will see Him on His throne!
